

**Stars and Strikes to permanently close its Sandy Springs location in July.**

All other Stars and Strikes locations will remain open and operate as usual.

SANDY SPRINGS, GA (June 26, 2020) - Alpharetta-based Family Entertainment Chain, Stars and Strikes, has announced the closing of its Sandy Springs location at 8767 Roswell Road effective on Monday, July 6, 2020. The location's closing will be the only one of the company's fifteen facilities to be closing their doors.

"We are grateful to our dedicated and hardworking team members and loyal guests who have supported our Sandy Springs location over the past seven years." said Stars and Strikes Managing Partner, Chris Albano. "This decision follows months of working to identify all possible paths to remaining open in Sandy Springs in this current environment. The Sandy Springs location has always been largely dependent on Group sales and event revenue. Unfortunately, the private event environment has been significantly impacted by COVID-19, hindering our ability to operate effectively in our Sandy Springs location."

Stars and Strikes encourages its Sandy Springs guests to visit one of their remaining seven Metro-Atlanta locations that will remain open and operate as usual. While the company is closing their Sandy Springs location, expansion is still underway throughout the Southeast. Assets from Sandy Springs will be transferred to their upcoming Concord, North Carolina location, which is under construction and scheduled to open in September of 2020.
